PERFORMANCE CERTIFICATE

REF: PO/PROSIMULATOR/PSG/MECH/TP/2018/01- Dated- 04/10/20

This is to certify that M/s. Sim Infosystems Private Limited has supplied the dynamic simulator systems to our department during October 2018 with the following components:

- Pro Simulator Instructor & Operator station software
- Simulation models for:
 - PS5091- 210 MW Thermal Power Plant
 - PS2002: Super-heated Steam Generator
 - PS5020: Gas Turbine
 - PS5030: Boiler Operations Suite
 - PS5040: Turbine Operations Suite
 - PS5050: Electrical Operations Suite
 - PS5015: Steam & Utility system
 - PS5019: Hydro Electric Power Plant
 - PS 5016: Diesel Power Generator
 - PS 5017: Nuclear Power Plant
 - PS 5014: Combined Cycle Power Plant

Sim Infosystems had trained our faculties on the usage of the simulator. We have now integrated the simulator learning as part of our Academics. We have also introduced this software to our students during our Professional Software Training (PST) program. The students find the learning through the simulator is very effective and interesting.

I would appreciate Sim Infosystems for their tremendous effort in building up such an indigenous technology product which would be very useful to the students, especially when they are employed in industries.

We are happy with the performance of the software as well as the good technical support being provided by Sim Infosystems.

I wish Sim Infosystems to have better and great opportunities in building up the technical skills of students.

Thanks and Regards
