Project Reference letter

Yokogawa India Limited has subcontracted M/S SIM INFOSYSTEM PVT LTM, Chennai for design and development of operator training simulator (OTS) for IEFCL, Nigeria. The scope of the work for SIM INFOSYSTEM included design, development and implementation of Ammonia & Urea model in green field plant of M/S IEFCL.

This simulator model was developed on Visual Modeler tool with Yokogawa Centum VP DCS and Prosafe RS SIS systems.

This was prestigious fertilizer project and together with SIM Infosystem, we could successfully complete the work to the full satisfaction of the client. System is being used extensively used for operator training since Aug-2015 by client.

We appreciate the professional services provided by our partner, Sim Infosystem and looking forward to working with them on more such simulation projects.

Sabyasachi Mandal
